

## In The Fold

*A simple, versatile chair, bar and counterstool grounded in nostalgia.*

---

### Product Description

A simple, versatile chair, bar, and counterstool grounded in nostalgia to evoke positive feelings and associations.

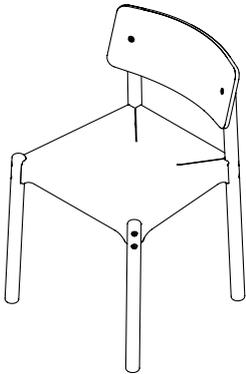

Research has shown nostalgia helps counteract boredom, loneliness and anxiety whilst promoting feelings of belonging and meaning. Connecting the past with the present our new chair draws quietly recalls traditional Shaker furniture, whilst the unique combination of metal and wood allows the chair to stand tall on its own merits.

The knock down construction of the chair reduces its environmental impact whilst allowing materials to be easily separated at end-of-life.
